- English (Intermediate)

SUMMARY

Senior Software Developer with 4+ years of experience in building scalable, cloud-based solutions for SaaS and FinTech products. Skilled in .NET, modern JavaScript frameworks, React, PostgreSQL, and MongoDB. Focused on writing clean, high-performance code and delivering intuitive user experiences. Contributed actively to team collaboration and shared technical knowledge to support overall project success. Played a key role in various enterprise projects at Logo Yazılım.

WORK EXPERIENCE

LOGO YAZILIM

2024 - PRESENT

SENIOR SOFTWARE DEVELOPER

- Took an active role in developing cloud-native SaaS accounting modules using .NET and JavaScript, contributing to improved system reliability and scalability.
- Improved UI/UX across platforms by implementing responsive and modern web interfaces tailored to user needs.
- Worked closely with product and QA teams to ensure high-quality and timely releases.
- Supported junior developers through peer programming and contributed to internal knowledge sharing efforts.

LOGO YAZILIM

2021 - 2024

SOFTWARE DEVELOPMENT EXPERT

- Developed scalable cloud solutions with .NET and JavaScript frameworks in enterprise environments.
- Conducted code reviews and enforced clean coding standards to improve maintainability.
- Applied Agile methodologies (Scrum) to deliver features in fast-paced sprints.
- Contributed to large-scale refactoring efforts that enhanced performance and code structure.
- Supported product releases through testing, debugging, and documentation efforts.
